ADDITIONAL INFO: The Groves Power Center, from the initial master plan, was envisioned as a regional commercial center since the early 1990's. Along with this corner where Wal-Mart is located, the Elliot Road area, starting from Kyrene Road to the I-10 Freeway, has become a dynamic commercial corridor for Tempe. The proposed expansion is consistent with that vision. In addition, according to the applicant, Wal-Mart Stores' intention is to provide additional services such as a grocery store to the community. Therefore, the request is for the 8th Amended General Plan of Development for the Groves Power Center located at the north east corner of Elliot Road and Priest Drive. The Final Plan of Development is for the existing 115,553 s.f. Wal-Mart building plus the proposed 73,314 s.f. building expansion. The parking spaces provided are more than the minimum required by Ordinance 808. The variance requested is classified as technical, typical to interior property lines in shopping centers. Up to the time of this report, no public input has been received. **On November 12, 2003, by a 6-1 vote, Planning Commission approved this request.**
